## **About Enapter**

Enapter is an innovative energy technology company that manufactures highly efficient hydrogen generators - so-called electrolysers - to replace fossil fuels and thus drive the energy transition globally. The patented and proven anion exchange membrane (AEM) technology enables the series and mass production of cost-effective electrolysers for the production of green hydrogen on any scale and almost anywhere in the world. The modular systems are already used worldwide in the energy, mobility, industry, heating and telecommunications sectors, among others. The company has its headquarters in Germany and a production site in Italy.

Enapter AG is listed on the regulated market of the Frankfurt and Hamburg stock exchanges, ISIN:DE000A255G02
